# Responding to COVID-19

**Bias & Discrimination**

Admist COVID-19, identity-based bias and discrimination have continued and have appeared in new and different formats. The purpose of this document is to bring awareness of the resources available to students and to emphasize that a public health crisis does not excuse discrimination in any form.

## What is Bias?

Personal, unreasoned judgment or attitude that inclines an individual to treat someone negatively because of their real or perceived protected characteristic (ODECE).

## What is Discrimination?

- **Unlawful Discrimination:** Adverse treatment of an individual based on a protected characteristic, rather than individual merit (ODECE).
- **Discriminatory Harassment:** Any unwelcome conduct based on a protected characteristic where such conduct creates a hostile environment (Code of Student Conduct).

## What is a Protected Characteristic?

Age, color, disability, gender, gender identity or expression, genetic information, marital or familial status, national origin, pregnancy, race, religion, sex, sexual orientation, veteran status, and/or other characteristics protected by applicable law (Equal Opportunity, Nondiscrimination, Anti-Harassment, and Non-Retaliation).

**Important:** Bias is a comprehensive term - unlawful discrimination and discriminatory harassment are smaller categories of behaviors that can create a violation of university policy.
