October 2016

Dear Members of the GW Community:

The Drug-Free Schools and Communities Act Amendments of 1989 require that the university advise faculty, staff, and students of certain laws pertaining to the illicit manufacture, possession, distribution, and use of drugs and alcohol. In addition, we are required to notify you of the penalties for violations of those statutes and the health risks associated with the use of controlled substances and alcohol. Therefore, the following information is attached:

1. A summary of the penalties for the possession of drug paraphernalia and illegal possession of alcohol under D.C. law;
2. A summary of the penalties for manufacture or distribution of controlled substances under D.C. law;
3. A summary of the penalties for the possession of drug paraphernalia and illegal possession of alcohol under Virginia law;
4. A summary of the penalties for manufacture or distribution of controlled substances under Virginia law;
5. A summary of federal penalties and sanctions for illegal possession of a controlled substance;
6. A copy of federal trafficking penalties [taken from a Department of Justice publication entitled *Drugs of Abuse* (2015 edition)];
7. A copy of federal trafficking penalties for marijuana [taken from a Department of Justice publication entitled *Drugs of Abuse* (2015 edition)];
8. A description of the health risks associated with substances covered by the Controlled Substances Act [taken from a Department of Justice publication entitled *Drugs of Abuse* (2005 edition)]; and

In addition, we would like to direct your attention to existing university policies concerning abuse of alcohol and drugs.

Our standards of conduct clearly prohibit the illegal manufacture, possession, distribution, or use of alcohol and drugs. Our manuals, codes of conduct, and publications specify penalties for violations of these policies including suspension or dismissal from the university. For students, illegal possession and/or use of drugs will at a minimum mean a $50 fine, required participation in a drug abuse education program, and possible eviction from residence halls. Manufacture, distribution, and/or possession of drugs with the intent to distribute will mean suspension or expulsion. We have implemented a parental notification policy for underage alcohol offenses. Additionally, violation of the Alcoholic Beverage Consumption and Distribution Policy will at a minimum mean a $50 fine and required participation in an alcohol education program. Employees may be dismissed for drug related offenses including unauthorized use or possession of alcoholic beverages or controlled or illegal substances or reporting to or being at work under their influence. Concerns about substance abuse which involve employees may be discussed either with Employee/Labor Relations in Human Resources or the Office of the Provost and Executive Vice President for Academic Affairs, as appropriate.

The use of illicit drugs and the unlawful possession and use of alcohol is wrong and harmful. Abuse of alcohol and drugs can have a dramatic impact on professional, academic, and family life. We encourage staff, faculty, and students experiencing difficulty with drugs or alcohol to contact one of the many resources available on campus. Among these resources are:

We are sure you agree that this continues to be an important issue not just in our university community but also throughout the nation. We request that you help us work toward a campus free from alcohol abuse and the unlawful manufacture, possession, distribution, and use of illicit drugs.

Sincerely,

Peter Kropfendi
